DRAKE

waterfowl systems

innovators in waterfowl hunting

Like dad and granddad before us, we live for duck season. It's in our blood. It's also the foundation of Drake Waterfowl Systems, perhaps the most instinctively designed gear to ever grace the marsh.

Floating Blind Bag

We took the same approach to designing this bag as we have our innovative apparel. After having used blind bags for years, like we do all our products, we sat down and asked ourselves what we like and don't like about using the blind bags on the market today. After you take a look at all the thought and details, you will quickly see there was a lot of room for improvement. Loaded with pockets for organizing your gear so you can find it, our large bag has over 18 pockets. The main storage compartment is protected by 2 liners. With a seam-welded vinyl internal liner overlaid with our vinyl organizer, we've taken extra steps in creating a waterproof compartment from the bottom to the zipper.

Construction: PVC Backed 900 denier Polyester • 5 Panels of Closed Cell "Floatation" Foam & Padding • Organizer Liner & Internal Waterproof Liner

"The Big Mouth Decoy Bag" with Pyramid Bottom Design

This bag's number one feature is our patent-pending Big Mouth Opening. We have placed a heavy-duty plastic extruded ring into the mouth of this rugged bag to hold it open for no hassle super fast loading. Next, we styled the cut of this bag like a Pyramid, wider at the bottom and narrowing to the width of our Big Mouth Opening. This allows this bag to stand up without tipping over like most other decoy bags, except of course, Drake's very own patented Stand-Up Decoy Bag. Last of all, this bag is built to last for years and years of rugged abuse. We use rugged **vinyl coated** polyester for our material and we top this bag off with easy to work with polyester mesh for the top closure. Once again, not a detail was overlooked in this design.

Capacity: 2 dozen magnum or up to 30 standard duck decoys

Stand-Up Decoy Bag

This is the last word in advanced decoy bag designs. Featuring Drake's unique spiral coil spring which holds the bag completely open in a perfect, flat-bottom cylinder, it's the only decoy bag on the market that actually helps you load it with decoys! No more stuffing decoys into a collapsed bag, no more repeated searching for the bag opening, no more cussing at the end of a day's hunt. Our remarkable Stand-Up Decoy Bag allows you to toss decoys into it's open mouth from over 10 feet away – yet it quickly collapses when empty for quick, convenient storage.

Constructed of heavy-duty, rot-proof polyester mesh and 2" polyester web shoulder straps, our Stand-Up Decoy Bag will be a lifetime investment that pays you handsome dividends on every hunt.

Capacity: LARGE: Up to 18 magnums and 24 to 30 standards

Wingshooter's Shell Boss™ with Game Bag and Cooler

Everything a wingshooter needs in one convenient package.

Features: 1. Shell Boss™ stores and organizes up to six boxes of shells. Quick access hatch for speedy shell retrieval

2. Cooler stores up to 12 can/bottles. Quick access hatch for speed beverage retrieval

3. Mesh Game Bag is the perfect storage compartment for your limit of doves. Also great for shell hulls.

Dimensions: 10.25"W x 13"H x 11"D

Drake Waterfowl T-Shirts

These are the ultimate shirts for your second favorite hobby... whatever that might be. Emblazoned with the Drake logo, everyone will know you are a dedicated duck hunter.

Construction: Hanes Beefy T's • Short Sleeve

Drake Six Panel Cap

Whether in the field picking off ducks or in the yard picking up dandelions, this cap will have you covered. Unformed structure for a relaxed fit.

Colors: Brown, Loden Green, Blue, Off White

“On the Way” Handwarmer 3 in 1 Features

Designed to work with:

1. ATV THROTTLE HANDLES
2. BOAT MOTOR TILLER HANDLES
3. CHEST WADER HANDWARMER AND/OR BELT-STYLE HANDWARMER

Drake's 3 in 1 Handwarmer is the most versatile handwarmer on the market.

Quite often, hunter's use ATV's and BOATS when trying to get to their secret hunting spot. Wind chill to the hands while motoring boats and ATV's can be quite brutal at times and as a result, using a handwarmer while driving is a no-brainer for this product.

Our “ON THE WAY” Handwarmer is designed to be REMOVED QUICKLY, from your BOAT MOTOR TILLER HANDLE, or ATV and then used as a handwarmer, attached to your wader's D-rings or around your waist with the included belt. Here at Drake, we have thought of multiple uses so this product will make your time afield more enjoyable.

Side-Opening Floating Gun Case

This unique shotgun case features a zipperless side flap which allows you to completely open the case for cleaning and to allow moisture to evaporate. The exterior fabric is a rugged nylon denier exterior, and the interior is lined with nylon. It also features a roomy outer pocket for choke tubes and an adjustable shoulder strap.
